

## Laurus Primary Science 8 Year Overview

**Intent**: To stimulate the natural curiosity, knowledge and understanding of all children about the world they live in.

| Subject Disciplines |           |         |                |  |  |  |
|---------------------|-----------|---------|----------------|--|--|--|
| Biology             | Chemistry | Physics | Sustainability |  |  |  |

|            | Autumn 1   | Autumn 2         | Spring 1   | Spring 2   | Summer 1  | Summer 2                              |
|------------|--|------------------|--|--|---|---------------------------------------|
| Pre-School | <ul> <li>Use all their senses in hands-on exploration of natural materials.</li> <li>Explore collections of materials with similar and/or different properties.</li> </ul>                             |                  | <ul> <li>Talk about the differences between materials and changes they notice.</li> <li>Begin to understand the need to respect and care for the natural environment and all living things</li> <li>Explore and talk about different forces they can feel</li> </ul> |  | <ul> <li>Plant seeds and care for growing plants</li> <li>Understand the key features of the life cycle of a plant and animal</li> </ul>  |                                       |
| Reception  | <ul> <li>Explore the natural world around them.</li> <li>Understand the effect of changing seasons on the world around them.</li> <li>Describe what they see, feel and hear whilst outside.</li> </ul> |                  | <ul> <li>Understand some important processes and changes in the<br/>natural world around them, including the seasons and<br/>changing states of matter. (ELG)</li> </ul>   |  | <ul> <li>Explore the natural world around them, making observations and drawing pictures of animals and plants (ELG)</li> <li>Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class. (ELG)</li> </ul> |                                       |
